

Eyes On My Baby

BETWEEN FRIENDS

Eyes on my baby
I think she saved me
I know we won't miss
We never break, like
Eyes on my baby
I think she saved me
Up 'til the morning
We stay awake, like

Tell me all your secrets
I'll keep them in my bedroom
And can we fall in deeper?
Get close enough to have you (Yeah)
Tell me all your secrets
I'll keep them in my bedroom
Is that what you wanted?
You say you want it good

Eyes on my baby
I think she saved me
I know we won't miss
We never break, like
Eyes on my baby
I think she saved me
Up 'til the morning
We stay awake, like
Eyes on my baby
She sleeps in daisies
I know we won't miss
We never break, like
Eyes on my baby
I think she saved me
Up 'til the morning
We stay awake, like

When I think about it
I know that you're the best one
Wrapped around your finger
You say that I'm a homerun
When I think about it
I know that you're the best one
Is that what you wanted?
You say you want it good

Eyes on my baby
She sleeps in daisies
I know we won't miss
We never break, like
Eyes on my baby
I think she saved me
Up 'til the morning
We stay awake, like
