

i always had a thing for you

BETWEEN FRIENDS

Taking what I know
Just off the right throw
Can we keep it fun
I know that you want to

Do we ever really wanna slow it down
Moving with the phases
Do we know them now

Leaving tomorrow that's
Just what I know
Never kept it fun
That's all that I asked

I can tell we really wanna slow it down
Moving with the moments
And we know them now

You can tell I always had a thing for you baby
You can tell it never went away
Can you try and take it all the way with me baby
I got all you need and I won't fade

You can tell I always had a thing for you baby
You can tell it never went away
Can you try and take it all the way with me baby
I got all you need and I won't fade

Chasing Nirvana
I still think we wanna
We can keep it going
If you're calling I'll be rolling like
You can ease my mind just like a motorbike
Always saying bye and we don't know why

You can tell I always had a thing for you baby
You can tell it never went away
Can you try and take it all the way with me baby
I got all you need and I won't fade

You can tell I always had a thing for you baby
You can tell it never went away
Can you try and take it all the way with me baby
I got all you need and I won't fade

You can tell
You can tell
You can tell
You can tell
