lonely

BETWEEN FRIENDS

I can never call when I'm lonely
Tell me different things when you want me
Never was the type to get lonely
Something in the way you told me

And I could take you home but it's the old me
You tell me what I want and here we are again
There's nothing like the nights where you unfold me
Can we ever make it out again, again?

I should never call when I'm lonely
Look for you in things that you show me
Never was the type to stay lonely
Something in the way you told me

And I could take you home but it's the old me
You tell me what I want and here we are again
There's nothing like the nights where you unfold me
Can we ever make it out again, again

And I could be the one to say I'm lonely
You tell me what I want and here we are again
There's nothing like the nights where you unfold me
Can we ever make it out again, again?

You've got blue eyes, what you want to see?
I've been downtown with your friends
You've got new eyes, what you want to see?
I've been downtown
You've got blue eyes, what you want to see?
I've been downtown with your friends
You've got new eyes, what you want to see?
I've been downtown

I could be easy for your
Mind is like easy love
It's hard to find, baby
What is yours is mine
