## BETWEEN FRIENDS

Spilling on me in the backseat  
You're wasting everyday  
I try to navigate  
Spilling on me in the backseat  
You're wasting everyday  
I try to navigate

You've been acting nicely  
Pull up with a Hi-C  
Please don't get me wrong  
Think about you when you're gone  
Wish I had a space car  
We'd go fast but not far  
I won't lead you on  
'Cause you're better on your own

I'm sipping on my cup, I'm spinning  
I'm sipping, I'm spilling, I'm winning  
I'm spilling, it's on you, it's okay  
I'm living, wait  
I could pick you up

Spilling on me in the backseat  
You're wasting everyday  
I try to navigate  
Spilling on me in the backseat  
You're wasting everyday  
I try to navigate  
Spilling on me in the backseat  
You're wasting everyday  
I try to navigate  
Spilling on me in the backseat  
You're wasting everyday  
I try to navigate

Catch me when I'm smiley  
Say you took up tai chi  
I could take you on  
Take a picture with my phone  
Now you say you like me  
Maybe we could try and see  
I won't stay for long  
Think I'm better on my own

I'm sipping on my cup, I'm spinning  
I'm sipping, I'm spilling, I'm winning  
I'm spilling, it's on you, it's okay  
I'm living, wait  
I could pick you up

Spilling on me in the backseat  
You're wasting everyday  
I try to navigate  
Spilling on me in the backseat  
You're wasting everyday  
I try to navigate  
Spilling on me in the backseat
