## BETWEEN FRIENDS

Ok

I think we should stay up  
Can we stay the same you  
Really never leave my brain  
I wanna make you feel the same  
Ok

We stay up  
Can we stay the same you  
Really never leave my brain  
I wanna make you feel the same  
Ok

You try feeling what you say  
Kinda like it  
Maybe you could stay  
No one makes me feel this way  
Save it for a lonely day

Cause I'm fucking with you  
Stuck in a daze  
Does time move only one pace  
My heart racing  
I'm just rephrasing

I think we should stay up  
Can we stay the same you  
Really never leave my brain  
I wanna make you feel the same  
Ok

We stay up  
Can we stay the same you  
Really never leave my brain  
I wanna make you feel the same  
Ok

You like holding me to things  
Know I'm trying  
Like me in that way  
I can't be the one to say  
Take it put my mind in place

Cause I'm falling down  
Flat on my face  
Does time move only one pace  
My heart racing  
I'm just rephrasing

I think we should stay up  
Can we stay the same you  
Really never leave my brain  
I wanna make you feel the same  
Ok

We stay up  
Can we stay the same you  
Really never leave my brain  
I wanna make you feel the same

Ok  
We stay up  
Can we stay the same  
Never really leave my brain  
Wanna make you feel the same

I think we should stay up  
Can we stay the same you  
Really never leave my brain  
I wanna make you feel the same

Ok  
I think we should stay up  
Can we stay the same you  
Really never leave my brain  
I wanna make you feel the same  
Ok
