BETWEEN FRIENDS

I like when we ride
Money spend it, take me high
Ooh, you shine so bright
Walk with me we'll crystallize
I like when we ride
Money spend it, take me high
Ooh, you shine so bright
Walk with me we'll crystallize

I go get you some
Talk don't mean you want
Never wait too long
Bag I fill it up
I go get you some
Talk don't mean you want
Never wait too long
Bag I fill it up

I like when we ride
Money spend it, take me high
Ooh, you shine so bright
Walk with me we'll crystallize
I like when we ride
Money spend it, take me high
Ooh, you shine so bright
Walk with me we'll crystallize

I like when we ride
Money spend it, take me high
Ooh, you shine so bright
Walk with me we'll crystallize
I like when we ride
Money spend it, take me high
Ooh, you shine so bright
Walk with me we'll crystallize

Moonlight in your eyes
Lock the car so nice
I can be precise
Baggies over ice

I just want to say
I like you very much
And I can't replace
The shiny matter you prefer
I just want to say
I like you very much
And I can't replace
The shiny matter you prefer

I like when we ride
Money spend it, take me high
Ooh, you shine so bright
Walk with me we'll crystallize
I like when we ride
Money spend it, take me high
Ooh, you shine so bright

Walk with me we'll crystallize

I like when we ride
Money spend it, take me high
Ooh, you shine so bright
Walk with me we'll crystallize
I like when we ride
Money spend it, take me high
Ooh, you shine so bright
Walk with me we'll crystallize
