BETWEEN FRIENDS

(Five dollars off your new be-)
(Yeah, this one's been great)
(Now you'll never forget-)

I really wanna tell you this
You're like a song I can't resist
I can't believe you're just for me
I say it all the time
You try to talk like you're in The Smiths
And I would lie if you looked like shit
You burn for me like third degree
You say you mean it

We got all the time in the world
What you need? Nicotine?
Used to drive around when we'd stall
Make a scene, make a scene

Do you like the way
I talk about you all day?
Wanna hear you say
You talk about me all the time
Do you like the way
I talk about you all day?
Wanna hear you say
You talk about me all the time

I like your eyes when they're in the sun
I'm stuck to you and you know it's fun
I wanna be where you wanna be
I say it all the time
I try to do what I wanna do
But every time, it ends with you
You feel for me like LSD
And I believe it (Yeah, I believed it)

We had all the time in the world
What you need? Nicotine?
Used to drive around when we'd stall
Make a scene, make a scene

Do you like the way
I talk about you all day?
Wanna hear you say
You talk about me all the time
Do you like the way
I talk about you all day?
Wanna hear you say
You talk about me all the time

Is it wrong if it feels right?
Don't you wanna stay and do it all night?
Is it wrong if it feels right?
Don't you wanna stay and do it all night?

Do you like the way
I talk about you all day?

Wanna hear you say
You talk about me all the time
Do you like the way
I talk about you all day?
Wanna hear you say
You talk about me all the time

(Clear, you've been on my mind, all night)
(It's so)
(Clear, you've been on my mind, all night)
(It's so)
