

Sorry

BETWEEN FRIENDS

It's me
Honestly, this is the third time now that I've fucking called you, um
And I just need to get a few things off my chest
You've really been pissing me off lately
Like I don't really know where your brain is
I don't know who you think you are
And more importantly I don't know who you think I am
And I don't know what we are
So I'm just gonna say it outright now
Because you don't take me anywhere
You never wanna do anything that I wanna do
You're always in the studio making sounds that quite frankly
I don't even understand half the time
Am I just someone you call when you're lonely like what actually am I to you?
This is getting to a point honestly like I'm not happy anymore
And I'm trying to be chill about this
And I'm waiting on you and waiting on you and waiting on you to change
But I'm actually done this time, I think
So I don't want you to call me back, okay?
Hope you're okay
Bye
