

Hello?
Uh, hi we're gonna play you some songs
Okay

I lost my memory
You say, "Ha!"
Alone consistently
We say, "Ha!"
But I could like the surprise
If you sneak into mine in the middle of night
Well you say you're friends with me
I say, "Ha!"

You say you're coming after me now
I don't wanna wake up
You say you're coming after me
I don't care that you've been following
You say you're coming after me now
I don't wanna wake up
You say you're coming after me
I don't care that you've been following

What is my energy?
You say, "Ha!"
My brain feels slippery
You say, "Ha!" (Hello?)
But it was to my surprise
In the trunk of your car when I opened my eyes, yeah
I think it's meant to be
You say, "Ha!"

Ooh, you're so fine and all mine
You're so fine (La-la-la, la-la)
Late at night
Is this it in my mind? (You say)

You say you're coming after me now
I don't wanna wake up
You say you're coming after me
I don't care that you've been following
You say you're coming after me now
I don't wanna wake up
You say you're coming after me
I don't care that you've been following

She went away and left me blue
Tell me what to do
She went away and left me blue
Tell me what to
