

Very nice

BETWEEN FRIENDS

Let's upset the neighbors with the flashing lights
I'm in the bathroom, crying like I lost a fight
Let's get wrecked, just kiss me, I can close my eyes
I got my hands above my head, and it feels very nice

I think I have to know, am I typical?
Sometimes I'm scared of being invisible
I wanna go to the movies and pretend I'm in them
Can you say it one more time?

Let's upset the neighbors with the flashing lights
I'm in the bathroom, crying like I lost a fight
Let's get wrecked, just kiss me, I can close my eyes
I got my hands above my head, and it feels very nice

Let's upset the neighbors with the flashing lights
I'm in the bathroom, crying like I lost a fight
Let's get wrecked, just kiss me, I can close my eyes
I got my hands above my head, and it feels very nice

I think I have to know, are you spiritual?
Touch yourself to the posters hanging on the wall
And late at night, in my memories, I'm thinking of you
Can you say it one more time?

I'd rather cry alone at night
Than fake a smile, pretend it's alright
I'd rather cry alone at night
Than fake a smile, pretend it's alright

Let's upset the neighbors with the flashing lights
I'm in the bathroom, crying (Crying)
Let's get wrecked, just kiss me, I can close my eyes
I got my hands above my head, and it feels very nice

Let's upset the neighbors with the flashing lights
I'm in the bathroom, crying like I lost a fight
Let's get wrecked, just kiss me, I can close my eyes
I got my hands above my head, and it feels very nice

It's very nice
It's very nice
It's very nice
I got my hands above my head, and it feels very nice
