

## Blot

## Between the Buried and Me

The blot in my eyes...  
The blot in my eyes...  
Circular  
The blot in my eyes...  
Circulate  
The blot in my eyes...  
Circulate

All my pockets are full and  
My mind is lost  
Circulate  
The rearview keeps shifting as  
I stare at the sun

The blot in my eyes...  
Circular  
The blot in my eyes...  
Circulate  
The blot in my eyes...  
Circular  
The blot in my eyes...

All together... back and forth  
As the wind cusps my inner mind  
The sun separates me  
Exposed... our greatest fear  
All is here to see  
Piece by piece you strip away

Exploring the escape  
Endless lives whispering by  
So fast  
Circulate

Exploring the escape  
Endless lives whispering by  
So fast  
Circulate

This is the beginning of my life

I hope you enjoy the show...  
It's for you, ya know?  
To watch you from across the room  
To hear you through the tangled lines...  
It completes me

I've been waiting

The blot in my eyes...  
Circulate

Computer simulation complete  
Eject the suspect... mold and shape  
To create memory

Bring them back I say...

Sights set on the  
Uncommon agenda  
Well done

Computer simulation complete  
Eject the suspect... mold and shape

I won't remember me  
I won't remember us  
I won't remember he  
I won't remember them

Eyes covered by an electrical storm  
Voltage increasing, distance engaging...  
A mumbling timbre  
Silent to this awakening  
I'm sorry... a fucking tragedy  
A mumbling timbre  
Smash... ignite... destroy... (destroy)  
The tunnel's twisting this body  
Into glass. A once hollow man...  
Break through to the other side

Exploring the escape  
Endless lives whispering by  
So fast  
Circulate

Exploring the escape  
Endless lives whispering by  
So fast  
Circulate

The blot in my eyes...  
Circular  
The blot in my eyes...  
Circulate  
The blot in my eyes...  
Circular  
The blot in my eyes...  
Circulate
