

## One Last Time

## Between the Trees

All that I know  
Is you change something in me  
I envy  
The power  
You have  
My hearts stirring  
So just kiss me

One last time  
Before you go  
If I let you leave  
Promise you'll return to me  
Darling

Keep my distance  
You say  
While holding my hand  
I love it when your this close to me  
Because you speak  
So intently  
As you say  
Come kiss me

One last time  
Before you go  
If I let you leave  
Promise you'll return to me  
One last time  
Before you go  
If I let you leave  
Promise you'll return to me

Darling

One last time  
Before you go  
If I let you leave  
Promise you'll return to me  
One last time before you go  
If I let you leave  
Promise you'll return to me  
Darling
