## Between You & Me

I thought you would've seen it coming  
That's what you get for doing nothing  
Better pray to God, hope he has space

Now the fires spread, people running  
Let the waters rise, homes are flooding  
And I watch it all go up in flames

Welcome to the Armageddon  
Let this be your reprimand  
Everyone pull up a chair  
And watch the world fucking end

(And watch the world fucking end)

There's politicians wreaking havoc and kids with semi-automatics  
But I guess the government don't give a shit  
So say goodbye to who you love 'cos you never know  
It could be the last time you see their face

Welcome to the Armageddon  
Let this be your reprimand  
So everyone pull up a chair  
And watch the world fucking end

(And watch the world fucking end)

Welcome to the Armageddon  
I see you brought all your friends  
I hope you've got a camera  
To take a picture of the end

If we had our time again, would we relapse or choose to grow?  
'Cos it's a fine line, hope you know  
'Cos we still have time to mend, so take the knife down from your throat  
'Cos it's a fine line, hope you know

Welcome to the Armageddon  
I see you brought all your friends  
Hunny, get the camera  
And take a picture of the end

Don't be scared to be the change we're waiting for  
I know it's hard to see, but there's an open door...

(Watch the world about to end)  
So do it for your sons and daughters  
(Watch the world about to end)  
The ones that you lead to the slaughter  
(Watch the world about to end)  
Tell me this is not the end

Welcome to The Armageddon  
I hope that you enjoyed your stay  
It's time to get settled in  
To the bed you've made
