

Broken

Between You & Me

I'm sorry for all those nights I kept you awake overthinking
Questioning, everything when it comes to you and me
It doesn't matter what I say, I can see it in your face
I can't put your mind at ease
So why dissipate into these sheets where we used to lay

Lately I feel like I'm sinking (oh-woah)
But I'm still trying my best
To pull my head above this
You gave me your heart to take
But I threw it back in your face
You're broken and I'm to blame

I remember, your old room, everything seems so familiar
Your bathroom, it was the place that I first said 'I love you'
I still smell your perfume, it never leaves, forever lingers
The taste of me and you is another pill I can't seem to get [?]

And you've been cut down like a branch I needed
And I hold myself back at a distance for you to grow again
(And even after all those things that I have said)
I swear that I will put you right again

Lately I feel like I'm sinking (oh-woah)
But I'm still trying my best
To pull my head above this
You gave me your heart to take
But I threw it back in your face
You're broken and I'm to blame

The petals from the rose are gone
There's no use holding on to thorns

Our hands are bleeding every day
All cause we can't throw away
A flower that has seen it's day
I'd rather view your empty face

Lately I feel like I'm sinking (oh-woah)
But I'm still trying my best
To pull my head above this
You gave me your heart to take
But I threw it back in your face
You're broken and I'm to blame

You're broken, broken (You're broken)
You're broken, broken (You're broken)
You gave me your heart to take
But I threw it back in your face
You're broken and I'm still to blame
