## Between You & Me

I never called back  
I know the reasons come and go, slack  
I hear you breathing by the phone when you're at home  
Yeah, we got cold and it starts to show  
It got me thinking, you'd be better better off...  
You'd be better better off...

I'll keep you waiting for me and you keep on paying for it  
I'm just a deadbeat, trash heap living in your backseat  
Why do you waste your time with me?

Lets trace it all back  
Pinpoint the hours when I talk crap  
Got me feeling kinda slow  
Like the notes I used to post  
To your nana's home and it got me thinking

I'll keep you waiting for me  
And you keep on paying for it  
I'm just a deadbeat, trash heap  
But God you're fucking so sweet!  
Why do you waste your time with me?

I'm just a deadbeat, trash heap  
I'm just a deadbeat, trash heap  
I'm just a deadbeat, trash heap

I'm just a deadbeat, trash heap  
But God you're fucking so sweet!  
Why do you waste your time with me?

I'm just a deadbeat trash heap  
I'm just a deadbeat trash heap  
I'm just a deadbeat trash heap  
I don't deserve you at all  
I'm just a deadbeat, trash heap

Deadbeat trash heap  
I don't deserve you at all  
I'm just a deadbeat, trash heap

I'm just a deadbeat trash heap  
I don't deserve you at all  
I'm just a deadbeat, trash heap
