

Go To Hell

Between You & Me

Everybody seems so self-obsessed
Only go out when they look their best
Mirror, mirror on the wall, who's the vainest of them all?
Tell me how to feel, tell me how to feel - baby what's the deal?

It's all gone, gone straight to your head
Here comes another one
Say it's all wrong, wrong and then you forget

I'll see you in hell, with everybody else
Watch the world out of control, going nowhere
I hope you're doing well, up high on your pedestal
I wish that you'd come down so we could start it over

If I could see inside your mind for just one day
Bet I'd spend a couple hours and I'd go insane
Only know how to care for a couple seconds a day
Then you don't give a shit about it, you got nothin' to say
Say you're out there and it's not fair
Say you're out there but you don't care

It's all gone, gone straight to your head
Here comes another one
Say it's all wrong, wrong and then you forget

I'll see you in hell, with everybody else
Watch the world out of control, going nowhere
I hope you're doing well, up high on your pedestal
I wish that you'd come down so we could start it over

It's all gone, gone straight to your head
Here comes another one
Say it's all wrong, wrong and then you forget

It's all gone, gone straight to your head (I'll take the wheel you can't steer for shit)
Here comes another one (I'll make the moves you wish that you made)
Say it's all wrong, wrong and then you forget (Ain't gonna lie, we're soon to be dead)

(Out of control, going nowhere)

So I'll see you in hell, with everybody else
Watch the world out of control, going nowhere
I hope you're doing well, up high on your pedestal
I wish that you'd come down so we could start it over

It's all gone, gone straight to your head
Here comes another one
Say it's all wrong, wrong and then you forget

So I'll see you in hell, with everybody else
I wish that you'd come down so we could start it over
