

Night Is The Day Turned Inside Out

Beulah

Slow, and I can't wait
As the day turns inside out
And night falls on you, darlin' darlin'
It falls on me too

And I'm tired, and I can't sleep
But I try so I can dream, ya know
Forever's a while
And tomorrow's still a night away

And it's late
And I just want to go home

I fly over the sea, in the planes
I see you
Hanging on the wing, darlin' darlin'
Holdin' on to me

I stare in my room
Your breath is sunny and warm, ya know
Forever's a while
And tomorrow's still cold and gray

And it's late
And I just want to go home

Don't say you miss me
Cause I know that you miss me
Keep blowing the kisses over the phone
Don't say you'll leave me
Cause I know you won't leave me
You know it took years for you to stay

I don't love you to death
But I'd die if you left
From state to state you know I'd race
But nobody knows which exit is yours

There is a place in the red-light district
Of your heart that I used to visit
It's been pouring
I can't help falling anymore
