

Come Home To Me

Beverley Craven

Let you go
Too easily
Did I let you see me cry
You close the door
I didn't call
And it hurt so much for me to say goodbye
And now I'm on my own
Still waiting here alone
Cos I want you back
And you know I can't let go
Come home to me
Cos you mean everything
But you don't know what you've got until it's gone, no
Come home to me
Some things were meant to be
But the only thing I know
Is I just can't face another night alone

I wonder who
Is there with you
And if you're thinking of me now
It's not too late
To try again
We can make it right the second time around
Tell me what to do
I'm still in love with you
And I can't believe that you don't need me too

Come home to me
Cos you mean everything
But you don't know what you've got until it's gone, no
Come home to me
Some things were meant to be
But the only thing I know
Is I just can't face another night alone

If there's a chance for us I need to know
Cos after all that we've been through
You've seen a part of me I can't let go
Cos no-one makes me feel the way you do

Come home to me
Cos you mean everything
But you don't know what you've got until it's gone, no
Come home to me
Some things were meant to be
But the only thing I know
Is I just can't face another night alone

Alone
