

Make You Mine

Beverley Craven

This will be the last song I write about you
Cos I don't want to feel for you still, like I do

For that kiss I've lived
And I wouldn't change anything
Cos you were mine, once-in-a-lifetime love
Heaven knows I wanted to make you mine

You will be the last time I fall so far
Cos I was there completely with all my heart

I know dreams come true
Cos I was in heaven with you
Did I build you up to be so let down?
I don't know just I wanted to make you mine, all mine

I was so in love,
I would've given so much.
But I meant no more than you took me for,
You don't know how I wanted to make you mine, all mine.
