

# Phoenix From The Fire

Beverley Craven

Hold your nose and jump then  
It's only one step at a time  
Keep your sights on your destination  
If you know what you want out of life  
Take a chance  
'Cos what have you got to lose?  
I'm telling you to go for your dreams  
Even when you feel like giving up

Just tell yourself  
The harder it is  
The stronger you'll be  
And believe in yourself  
You can be whoever you are  
Just do what you feel  
Like a phoenix from the fire

Give yourself the freedom  
To go and make your own mistakes  
Everyone's gonna have an opinion  
On the decisions you make  
It's your life  
So do what you've got to do  
Let nobody stand in your way  
Telling you to change  
Your mind's made up

Just tell yourself the harder it is  
The stronger you'll be  
And believe in yourself  
You can be whoever you are  
Just do what you feel  
Like a phoenix from the fire
