

# Where Does the Time Go?

Beverley Craven

If I could have a pound for every moment I've spent worrying  
About the little things in life that frankly there's no hurryin  
g  
Then I would be a rich girl, ooh  
But going at this rate I think that it may well take  
'Til there's life on the moon

Where does the time go? does anyone know?  
Where does the time go?

If I could have a sneak preview to all the earthly reasons  
It takes to make the them of time I'd be a girl for all seasons  
And I wouldn't have to worry, I wouldn't, no no no  
It seems kind of funny that things I'll never ever know

Where does the time go? does anyone know?  
Where does the time go? does anyone know?  
Tell me where does the time go?

We were only just saying the other day  
It's really amazing how the days just seem to slip away  
It's right before my very eyes  
There's just some things we'll never ever know

I wanna be a rich girl soon  
But going at this rate I think that it any well take  
'Till there's life on the moon

Where does the time go? does anyone know?  
Where does the time go? does anyone know?  
Tell me where does the time go?  
Where does the time go?  
Where does the time go?
