

# Without Me

Beverley Craven

Memories unspoken  
Heavy in my heart all these years  
Sharing a love forsaken  
Anger and tears

But you are my angel  
Everything I was here for  
Lighting the dark inside me  
Forevermore

I'll be with you in your heart  
You are a part of me  
Be all that you can be  
If there's one thing you should know:  
To yourself be true  
In everything you'll do without me

Hold me, I love you.  
Everything will be OK  
Darling this is our journey, don't be afraid...

I'll be with you in your heart  
You are a part of me  
Be all that you can be  
If there's one thing you should know:  
To yourself be true  
In everything you'll do without me

I know you'll find your way without me  
Hold me, and my love will survive.  
Hold me, and my love will survive  
Without me, without me.
