Cold World

Beverley Knight

I don't know how
We lost the message
Instead of using life for love
We crave possessions

On sacred ground
We've drawn the weapons
I've watched the faithful falling down
And pray for blessings

Feels like we're fighting just to die
But you keep my hopes alive

Baby, it's a cold world
The days and the dollars just pass me by
Baby, it's a cold world
It breaks you down and you don't know why
All I need is you
You
Oh, it's a cold world
But you give me the feeling it'll be alright

I testify
I swear to heaven
We face the lion's share of pain
Still stay together

Through the test of time
You made me better
And all the storms will come, we'll calmly brave
The weather

Feels like we're fighting to survive
But you showed me the light

Baby, it's a cold world
The days and the dollars just pass me by
Baby, it's a cold world
It breaks you down and you don't know why
All I need is you
You
Oh, it's a cold world
But you give me the feeling it'll be alright

It'll be alright
Oh, it'll be alright

We're gon' be alright
Don't you worry your head, it's alright

Baby, it's a cold world
The days and the dollars just pass me by
Baby, it's a cold world
It breaks you down and you don't know why
All I need is you
You
Oh, it's a cold world

But you give me the feeling it'll be alright
