

Everything's Gonna Be Alright

Beverley Knight

(Oh) Well
(Oh)
(Everything's gonna be alright) (Oh)
(Oh) Alright
(Oh)
(Everything's gonna be alright) (Oh)

Lift your heart to the sky above
You know that there's a better day
There's a better day, yeah
Hold on tight, don't you give up
Because love will find a way
Love will find a way

You gotta hold onto the love in you so strong
(And feel it down in your soul)
There's a light in you come shining through it all
Through it all

Gotta hold on tight, reach up high and say
(Everything's gonna be alright, yeah)
Now I see the light shining from inside, saying
(Everything's gonna be alright, yeah, yeah) Yeah yeah
(Yeah, yeah) Sing it
(Everything's gonna be alright, yeah, yeah) (Oh) Yes
(Yeah, yeah) Say it again
(Everything's gonna be alright, yeah) (Oh)

Sometimes it's hard to believe
I see it in your eyes, in all the tears you've cried
But you know you can count on me
Together you and I, forever we will rise now

(You gotta hold onto the love in you so strong)
Love in you so strong, so strong
(And feel it down in your soul)
There's a light in you come shining through it all
Through it all, through it all, oh yeah

Gotta hold on tight, reach up high and say
(Everything's gonna be alright, yeah) Everything's gon' be alright
Now I see the light shining from inside, saying
(Everything's gonna be alright, yeah, yeah)
Yeah, yeah) Oh yeah
(Everything's gonna be alright, yeah, yeah) (Oh) Sing it, sing it
(Yeah, yeah) Everything
(Everything's gonna be alright, yeah) (Oh) Everything's gonna be alright

Yeah
Yeah, yeah

(Everything's gonna be alright, alright) Everything's gonna be alright
(Everything's gonna be alright, alright) Do you believe it? Sing it, sing it
(Everything's gonna be alright, alright) Everything's gonna be alright
(Everything's gonna be alright, alright) It's gonna be al-, it's gonna be al
-
Whoa yeah, it's gonna be alright!

Gotta hold on tight, reach up high and say
(Everything's gonna be alright, yeah)
Now I see the light shining from inside, saying
(Everything's gonna be alright, yeah, yeah) (Oh)
