Beverley Knight

Fatal factor (oooh-yeah)  
Fatal factor  
Fatal factor (yeah yeah, yeah yeah - oh)  
Fatal factor

I shoulda kept on walking but your body made me take a second look, alright  
Your drama does your talking but I can't deny the fact you got me hooked, oh  
no  
The lie's so good, the truth's so bad - that's you  
It's just so sad I love you like I do (yeah it's sad but true, oh yeah)

You got that fatal factor (you came with a different label)  
Fatal factor (dangerous to enjoy)  
Fatal factor (I was willing, I was able)  
Fatal factor (I tell my bad, bad boy)

Oh oh oh oh oh oh  
Oh

I try to fix my senses so I don't succumb but I can't help myself, alright  
Your killer mix of up smiles and tricks will someday do real damage to my head  
My friends say that I'm crazy and I'm weak (and I'm weak)  
But they're just the same - they love that wicked streak (oh yes, so they do  
)

You got that fatal factor (you came with a different label)  
Fatal factor (said, dangerous to enjoy)  
Fatal factor (I was willing, I was able)  
Fatal factor (I'm lovin' bad, bad boys, oh yes)

You got that fatal factor (you came with a different label)  
Fatal factor (dangerous to enjoy)  
Fatal factor (I was willing, I was able)  
Fatal factor (I'm lovin' bad, bad boys)

Ahh-ah-ah-ah-ah  
Ooh

I don't understand what's up with me but I didn't wanna love so carelessly  
'Cause that devil in your eyes is right with me  
Seducing me, confusing me  
Everybody says what I should know, that I gotta get a grip and let you go  
You see when I come I round I can't say no, oh-oh, oh no

You got that fatal factor  
Fatal factor (dangerous, baby, yes you are)  
Fatal factor (I was willing, I was able, yes I was)  
Fatal factor (T'll' tell my bad bad, bad, bad boy)

You got that fatal factor (oh baby yeah)  
Fatal factor (dangerous to enjoy)  
Fatal factor (Said I was willing, I was able)  
Fatal factor (I love a bad bad, bad, bad boy)
