

# Angel

Beverley Mitchell

Have you ever met an angel  
Whose smile is like the sun  
Whose laugh is like a melody  
That reaches everyone

Have you ever hugged an angel  
Swept up in their embrace  
And swear there's nothing in this world  
That makes you feel that safe

Have you ever really loved an angel  
Once you have you'll never be the same again  
Have you ever had to let go of an angel  
Say goodbye, let 'em fly, my angel, my best friend

Have you felt the strength of an angel  
When you needed it the most  
Lifted by those gentle wings  
You know you're not alone  
Every now and then I feel the peace inside  
Wherever life may take me, I'm guided by that light

Have you ever really loved an angel  
Once you have you'll never be the same again  
Have you ever had to let go of an angel  
Say goodbye, let 'em fly, my angel, my best friend

Cause I have really loved an angel  
How could I ever be the same  
Cause I have had to let go of my angel  
Say goodbye, let 'em fly, my angel, my best friend
