## Beware of Darkness

I feel the weight lift off my shoulders  
'Cause I know you're always in my life  
I'd do anything for you  
You'd do anything for me  
I've got your back, I'm on your side now  
Babe, I'm on your team for life  
I'd do anything for you  
You'd do anything for me

Feel the walls  
Around my heart break  
When I know I'm never alone

Whoa, if you wanna rock with me  
You're rolling with my whole family  
Nothing's stronger than my bloodline  
My bloodline, my bloodline  
Whoa, if you wanna rock with me  
You're rolling with my whole family  
Nothing's stronger than my bloodline  
My bloodline, my bloodline

We've had our fights and our differences  
End of the day, it's all out of love  
I'd do anything for you  
You'd do anything for me  
I've made mistakes, I've had my problems  
But my tribe takes me as I am  
I'd do anything for you  
You'd do anything for me

Feel the walls  
Around my heart break  
When I know I'm never alone

Whoa, if you wanna rock with me  
You're rolling with my whole family  
Nothing's stronger than my bloodline  
My bloodline, my bloodline  
Whoa, if you wanna rock with me  
You're rolling with my whole family  
Nothing's stronger than my bloodline  
My bloodline, my bloodline

Whoa, if you wanna rock with me  
You're rolling with my whole family  
Nothing's stronger than my bloodline  
My bloodline, my bloodline  
Whoa, if you wanna rock with me  
You're rolling with my whole family  
Nothing's stronger than my bloodline  
My bloodline, my b-b-b-b-bloodline

Nothing's stronger than my bloodline

My bloodline, my bloodline  
Nothing's stronger than my bloodline  
My bloodline, my bloodline
