

Howl

Beware of Darkness

Lay down, heaven can wait
You think you're right, I think you can change
Draw some blood, I'm not going hungry tonight
Won't it be fun, to Howl in the night?

Howl - So that the angels can hear you

Yeah
Catch me if you can
My, my, my,
I'm a hungry man
Oh oh
Catch me if I fall
Baby girl I wanna hear you howl!

Cut strings you think too much
I can't wait this long for a rush
A misery to be alone
How'd you want to be the lonely one?

Howl - So that the angels can hear you

Yeah
Catch me if you can
My, my, my,
I'm a hungry man
Oh oh
Catch me if I fall
Baby girl I wanna hear you howl!

(I want to hear you Howl)

Oh child when will you see the light?
No no I won't give up the fight
No no when will you see the light?
Oh child I won't give up the fight

Yeah
Catch me if you can
My, my, my,
I'm a hungry man
Oh oh
Catch me if I fall
Baby girl I wanna hear you howl!
