

## Sugar in the Raw

### Beware of Darkness

I had a dream last night that you came back from the dead  
It was so real and I woke up in a cold sweat  
I got robbed of you twice, the lies, the life without you,  
I can't ever breathe without seeing your ghost everywhere

I...

We are all slaves to the game trying to find our way home  
Home...

I will grind, grind grind til the day I die

I...

We are all slaves to the game trying to find our way home  
Home...

How sweet this poison, sugar in the raw  
Sugar in the raw...

The day that I died, I looked god straight in the eyes,  
And I said lord lord lord what took you so long?  
I know life is a gift, but all my time on earth has been a fight  
I'm swimming upstream and all out of reasons to keep moving on

I...

We are all slaves to the game trying to find our way home  
Home...

I will grind, grind grind til the day I die

I...

We are all slaves to the game trying to find our way home  
Home...

How sweet this poison, sugar in the raw  
Sugar in the raw...

I...

We are all slaves to the game trying to find our way home  
Home...

I will grind, grind grind til the day I die

I...

We are all slaves to the game trying to find our way home  
Home...

How sweet this poison, sugar in the raw  
Sugar in the raw...
