

## Summer Daze

### Beware of Darkness

Lately, I'm over thinking everything  
My head is like a washing machine with one shoe in it, spinning  
and tumbling around  
Take me, cruising down a memory, crushing on a bad bitch yo, buy-  
ing drugs with her daddy's dough

Summer daze, summer daze,  
Living in a perfect place  
Sandy beaches, bitches on top of you, high in paradise this is  
how we do  
Summer daze

Help me, I'm dreaming of a warmer place, a California chick emb-  
race  
It's much breezier here on the left coast.

Summer daze, summer daze,  
Living in a perfect place  
Sandy beaches, bitches on top of you, high in paradise this is  
how we do  
Summer daze

I want to spend my whole life here.  
I wish this summer would never ever end  
I don't go back to who I'm supposed to be  
Even if the sun don't shine, we could still be warm.

Summer daze, summer daze,  
Living in a perfect place  
Sandy beaches, bitches on top of you, high in paradise this is  
how we do  
Summer daze
