Algorithm

BewhY

Cash to the valet, credit in my pocket
There are too many brand names on hands of fiance
List of difficult pronunciations today we got an option
To select happiness through the God son
Young enough to still sell masterpiece
Schooling you I'm whippin up my recipe
You can't get the best of me, I act on faith
Cause they act fake which makes me escalate, ah
To be continued, we got the series like it's Marvel
Me found bravery in my bravado
Bitch ain't one, I got 99 problems
I reppin' South Korea, YUMDDA's 음따
Why you bargain yourself only before foreign artist
We gon corner the market in the block that you target
It some fly shit, Korean Air
Sitting in the prime seat, you could see me up there
I don't rush for my dream all I need is a long wait
What I gonna do is make everyday sunday
Wear a Prada at the church instead of this devil
I'm devil to devil subordinate to Jesus
Uno numero

I ain't wrapped tight
Only me of these MC's is classified
As top ranker just like Yeezy
My lady got Celebrity free pass
Flash lights all on exquisite bars
Which is breathing of God in my spirit
Thought is ambitious
I have an intuition that my wish is about to become
Possession of an existence that's Neo Christian
I am Gonna get wisdom to change the system
On to the next hit, mission is stackin
Though these peeps hate my vision is static
Career has reached crisis point on ma life
But I've known this piece that is priceless
No cap, rhymes in Christ is timeless
It king's mindset for kids who was blinded
The first step glorifies His almighty
I can let em sightsee the spot
Where paradise is
Don't call into question my lesson Fellaz
I already know he is blessin Fellaz
Dejavu with Immanuel
I just talk to God can't you tell, bish
