

BORING PEOPLE

BEXKEY

WIIZE

Baby you been around some boring people
It's gonna take some time getting used to

She thinking that I'm crazy
I say "Oh no"
Looking at me strangely
Like I'm a weirdo (Uh?)
Baby you been around some boring people
It's gonna take some time getting used to
Someone
Who don't give a f*ck
Someone
Who's gonna run that shit up
Someone
That when they stop and they look
They gon' say what the f*ck do you want
(What's good?)

Feelin like a mind reader, you ain't gotta speak much
I already worked out your loud intentions
Gucci g-string, energy strong
Get them jeans off, sippin ginseng
Watch you get ya freak on
They don't know what we be on
Won't be long, rock the boat
Aaliyah playing
That's your theme song
Lemme drive the boat
My poor liver dying!
(Pour some more)
I'm torn apart overly tired of being alone

She thinking that I'm crazy
I say "Oh no"
Looking at me strangely
Like I'm a weirdo (Uh?)
Baby you been around some boring people

It's gonna take some time getting used to
Someone
Who don't give a f*ck
Someone
Who's gonna run that shit up
Someone
That when they stop and they look
They gon' say what the f*ck do you want
(What's good?)

I'm trying to calculate
How long it takes to get to you
I'm not talkin about the flight time
I mean possessed with ya
I wanna collect your heart
Put it up with the rest of em
I'll be making sure it's at the front
You're a jealous one

Burn it down to the ground and just run away
I know your mind games
I don't wanna play
Too much on my brain
Too much time to waste
Who am i today?

She thinking that I'm crazy
I say "Oh no"
Looking at me strangely
Like I'm a weirdo (Uh?)
Baby you been around some boring people
It's gonna take some time getting used to
Someone
Who don't give a f*ck
Someone
Who's gonna run that shit up
