

Go Mode

BEXEY

I stand strong on my own feet
Just me, don't roll deep
Life a game and I roam free
You still stuck at the home screen
Do you continue? No
Time ticking it gettin' low
Bitch I'm always on go
Bitch I'm always on go

I'm on go mode
I'm on go mode
I'm on go mode
I'm on go mode
Do you continue? No
Time ticking it gettin' low
Bitch I'm always on go
Bitch I'm always on go

If they going that way, I'm going this way
Color outside of the lines with the paint
You got a beautiful girl
Wait, she got a miserable face, ay
If I take him out the game
She'll be smiling alway-alway-ays
Your energy weak
Fix up, change it
Get the f*ck out my way, bitch
You should be cautious
'Cause I'm feeling dangerous
Bringin' the pain in
How can I speak cheap with diamonds on my teeth?
I won't shake your hand
You got tricks up your sleeve
No, I ain't your man, stop saying you with me
Get the f*ck away, stop playing with me

I stand strong on my own feet
Just me, don't roll deep
Life a game and I roam free
You still stuck at the home screen
Do you continue? No
Time ticking it gettin' low
Bitch I'm always on go
Bitch I'm always on go

I'm on go mode
I'm on go mode
I'm on go mode
I'm on go mode
Do you continue? No

Time ticking it gettin' low
Bitch I'm always on go
Bitch I'm always on go

Mmm
Forget the wedding ring

You know imma live fast
I could take her home in an instant
I could take her soul with a quick glance
Still I'm short sighted
Stardust under my eyelids, in my iris
Stars in my eyes
Think I'm going blind
Relax, recline, alive in the night
Burberry coat, flick knife inside
Diamond Dracula, erase your life
Everything is okay, mm
I don't play no games, no
I be getting straight to it
Your finger on the trigger
But you're never gonna pull it
You're tryna flex on Instagram
But lookin' f*cking stupid and useless
I exhale, then I sit back
No small talk, I dead that
No phone calls, no chit chat
Pointless conversation makes me get mad
So why interact, cause that's just a setback
f*ck that, dead that

I stand strong on my own feet
Just me, don't roll deep
Life a game and I roam free
You still stuck at the home screen
Do you continue? No
Time ticking it gettin' low
Bitch I'm always on go
Bitch I'm always on go

I'm on go mode
I'm on go mode
I'm on go mode
I'm on go mode
Do you continue? No
Time ticking it gettin' low
Bitch I'm always on go
Bitch I'm always on go
