

# Haunt The Bitch

BEXEY

So fresh so clean  
Don't want no fuckin wack bitches touchin' me

Everything comes back around  
Blessed with a different sound  
The obsessed tryna' figure out  
The staircase to this different route...  
No way no way  
No way no way  
No way no way  
No way

I ain't never met a girl so ready to go  
The way you go  
I ain't never seen a girl so flexible  
The way you move  
Effortless perfection though, from head to toe  
I just need to know, do you wanna roll?  
Do you wanna roll?

I'm not tryna be your soul mate  
I just need you here with me today  
You need it more than me  
So stop with these games  
You can bring your friends  
When the lights go down, you become somebody else  
Oh girl, you need to make up your mind

Baby ima get this flight to LA  
Straight flexin' on a jealous bitches face  
Roaming around the city  
Couple of bitches with me  
That have been wanting me to fly out since 2013...  
Looking in the mirror, hmm... so fresh so clean  
I don't want no fuckin wack bitches touching me  
Working hard till the sun up  
Yeah we on a come up  
Okay

So fresh so clean  
Don't want no fuckin wack bitches touching me
