

640 for the Prada swimming shorts
I cannot swim, but I'm dripping like I'm stepping out the swimming pool
I'm a Leo like all of my idols are
I skreech on a bitch then I'm leaving like tyre marks
Carnivore ah, you hear the lion roar
Make you fold up like a real cheap ironing board
Charles Manson how she following me
All of my pictures she like them all
But you insecure you made her unlike them all
Living in a movie and my heart made of ice so I ride along
This is bone chilling feeling it through your spinal cord
Your fake Rolex it's looking like you won it up out
A claw machine, don't talk to me
I just simply do not care what time you're on

Stop with the talking like I'm a fool
Might look kinda funny but I'll break your fucking jawbone
Stop with the talking like I'm a fool
Might look kinda funny but I'll break your fucking jawbone
Stop with the talking like I'm a fool
Might look kinda funny but I'll break your fucking jawbone
Stop with the talking like I'm a fool
Might look kinda funny but I'll break your fucking jawbone

Ambre nuit, Christian Dior aura, she love the smell
Only sweet queens, because a hoe gone tell
Noticed the painted BEXEY logo on her pretty toenails
High hills like it's Jack and Jill, but I ain't fell down
I'm in her ear like the Uber drivers bluetooth piece
She venting saying her boyfriend texting is scary
Told her what you know about having somebody's ear cut off
Walking round spreading the message for disrespecting
Why'd I tell her that?
Sippin out the bottle spilled too much
My internal dialogue is like a Wild West shoot off
She want Bexey swan
Why'd I give her Tommy mad fox
Learning the motions like it's wax on wax off

Stop with the talking like I'm a fool
Might look kinda funny but I'll break your fucking jawbone
Stop with the talking like I'm a fool
Might look kinda funny but I'll break your fucking jawbone
Stop with the talking like I'm a fool
Might look kinda funny but I'll break your fucking jawbone
Stop with the talking like I'm a fool
Might look kinda funny but I'll break your fucking jawbone
