TRINITY

BEXEY

5:30 in morning

I'm sinking my teeth in
Feed me to the wolves
I'll come back as pack leader
Blood up on the snow like a Kill Bill scene
And when I need a break, find me with my Caribbean queen
Lemme pick ya brain, read ya thoughts
Pull em out like an Egyptian with the hooks
Head on a swivel, wrist full of crystals
Engage conversation without saying words
I rock a fur hood, riding solo on a business trip
Make up for the face tats when I'm prison visiting
Zero artillery, still move militant
Back corner of the restaurant I see everything
I won't ever fit on your best friends playlists
They nothing like us and I love it like this
No match like an arrogant tinder addict
No match like the outfit on a colourblind bitch

I know ya next move
Don't ask how I know
Close ya mouth lemme take ya soul out
I'm going back to my old town
Need to lay low
Baby, will you hold it down?
I said you're wasting your time
Ain't no time for talking
I delete memories out of my mind
Yeah, baby, I'm all in

Don't let me choreograph what's next
Moving like BTS, I don't miss no steps
Would take the stars out of the sky, and craft you a necklace
But I cut my heart out for you and you ignoring my texts
I don't like that
Living like I'm already dead though
How you know if I love you if you won't let me go
They say if you love a flower then let it grow
Blood from the crown made of thorns on my head

Some things I don't relive
It was what it was
It is what it is
I'm breaking the habit of thinking bout the end
Casting my magic I capture the moment

Some things I don't relive
It was what it was
It is what it is
I'm breaking the habit of thinking bout the end
Casting my magic I capture the moment

I know ya next move
Don't ask how I know
Close ya mouth lemme take ya soul out
I'm going back to my old town

Need to lay low
Baby, will you hold it down?

I said you're wasting your time
Ain't no time for talking
I delete memories out of my mind
Yeah, baby, I'm all in
