BEXEY

If they fuck me over
Then I'ma be thankful
Revealin' your true colours
I'ma say thank you
Fuck 'em off, cut you off
quicker than I met you
You ain't down enough
get the fuck away from my section
Then I'ma be thankful
Revealin' your true colours
I'ma say thank you
Fuck 'em off, cut you off
quicker than I met you
You ain't down enough
get the fuck away from my section

I just wanna feed all my dawgs
Put them in a position to be their own boss
Nobody falls behind in this pack
ain't no leader
We charging him straight from the front
This the formation, yea I did it with patience
I went solo in Tokyo, then I changed up the game
When losing my balance I had low battery
Full force with the energy beaming
no challenging in matching me
I had to leave
Climb higher than before
My little sister calls me father, I gotta feed her
In love with a popstar, but don't really need her
This sounds like a detour
my heart just caught me on
Living' life like a meteor
Balmain jeans, feel conquistadors
Angel wings, my feet don't reach da floor
When you high, you just need some more
It goes on and on

If they fuck me over
Then I'ma be thankful
Revealin' your true colours
I'ma say thank you
Fuck 'em off, cut you off
quicker than I met you
You ain't down enough
get the fuck away from my section
Then I'ma be thankful
Revealin' your true colours
I'ma say thank you
Fuck 'em off, cut you off
quicker than I met you
You ain't down enough
get the fuck away from my section

I might cop a Porsche with no license
Pass my brother the keys
I'm passenger driver

Walkin' and rollin', you duckin' and dashin'
I'm shinin', I'm blindin', you silent and hidin'
Undertaker, I'm rollin' rollin' rollin'
Know just by my aura, you know it
oh, I'm chosen
Straight laughin' like a villain, yea
Teeth still diamonds, and my hair been a mess
These psychotic pills in me, uh, yea, I feel amazing
You can't fuck her so she put toys inside her
like kinder eggs
Till she met me, give her that D-D-D
Feelin' like the deep blue sea
I'm the white Bruce Lee
Drippin' like water
Shake a dance handle off your doctor
Not a lover, but I like her a lot
Henney stains on my Prada top

If they fuck me over
Then I'ma be thankful
Revealin' your true colours
I'ma say thank you
Fuck 'em off, cut you off
quicker than I met you
You ain't down enough
get the fuck away from my section
Then I'ma be thankful
Revealin' your true colours
I'ma say thank you
Fuck 'em off, cut you off
quicker than I met you
You ain't down enough
