

WE CAN MAKE IT FEEL LIKE IT WILL NEVER END

BEXEY

Ghostrage

I flick my collar up high
Take one look at the sky
Take one look at my eyes
I know it's one of them nights
Flick my collar up high
Take one look at the sky
Take one look at my eyes
I know it's one of them nights
So we can make it feel like it will never end
We can make it feel like it will never end
We can make it feel like it will never end
We can make it feel like it will never end
Never end
Never ending
Never end
Never end

We can make it feel like it will never end
She reaching out for me like it's dawn of the dead
Hands up like it's Lloyd Banks, 50Cent
Many men wish death, but I don't hear
Irony? Yeah, you got it, mmm
Looking like a zombie in the lobby
Heartbreak hotel I rock the boat like it's Titanic
Why? Cause I'm bumping that Coke Nails
I'm looking like a Tim Burton character
You the corpse bride baby I'm a fan of ya
Flip my collar up high like I'm Dracula
Ain't had enough so I step the levels up
Looking like it's fucking Mardi Gras
High flying honey boy
Champagne on the floor
I ain't knockin' at the door
Come complain about the noise

What's the mood? No, you kill my mood
I'll kill you. What's the mood?
No, you kill my mood
I'll kill you

I flick my collar up high
Take one look at the sky
Take one look at my eyes
I know it's one of them nights
Flick my collar up high
Take one look at the sky
Take one look at my eyes
I know it's one of them nights
So we can make it feel like it will never end
We can make it feel like it will never end
We can make it feel like it will never end
We can make it feel like it will never end
Never end
Never ending
Never end

Never end
