

Creole

Beyoncé

Baby I see you
That look in your eyes
Hips that keep shaking
mysterious style
exotically tempting
familiar to me
That Creole Sexy it's all over me

So all my red bones get on the floor
and all my yellow bones get on the floor
and all my brown bones get on the floor
Then you mix it up and call it Creole

Creole! When I look real good
Whenever I talk real good
whenever I bounce real good
Just in case you wanna know the secret CREOLE

When she look that good
whenever she talk that good
whenever she bounce real good
Ladies if you wanna know it's your secret CREOLE

Bad bad bad bad red bone
bad bad bad bad yellow bone
bad bad bad bad brown bone
bad bad bad bad to the bone

For all of my brown bones
that make a good broth
And all of my red bones that make a good sauce
the yellow bone flavor is familiar to me
mix it all together it's a delicacy

So all my red bones get on the floor
and all my yellow bones get on the floor
and all my brown bones get on the floor
Then you mix it up and call it Creole

Creole! When I look real good
Whenever I talk real good
whenever I bounce real good
Just in case you wanna know the secret CREOLE

When she look that good
whenever she talk that good
whenever she bounce real good
Ladies if you wanna know it's your secret CREOLE

Bad bad bad bad red bone
bad bad bad bad yellow bone
bad bad bad bad brown bone
bad bad bad bad to the bone

So all my red bones get on the floor
and all my yellow bones get on the floor
and all my brown bones get on the floor

Then you mix it up and call it Creole

Creole! When I look real good
Whenever I talk real good
whenever I bounce real good
Just in case you wanna know the secret CREOLE

Bad bad bad bad red bone
bad bad bad bad yellow bone
bad bad bad bad brown bone
bad bad bad bad to the bone
