Beyoncé

As we sip champagne, watchin' Purple Rain  
Body's insane, how could you complain?  
Plus, I know you love my personality  
I think I wanna go back to school, and have my locker full of pictures of yo  
u  
So give me that "A" in biology, I'm graduatin' soon  
Mmm, it's something 'bout that look you give me  
Makin' me feel that young love inside  
Mmm, it's something 'bout that feelin' you give me  
I can't resist them butterflies  
Mmm, you need a woman holdin' you down  
Whenever, wherever, however, whatever, I'll be right by your side  
See I just wanna love ya, boy, if you don't mind  
Just kickin' this little game of mine

And he said, "Girls don't dance no more, all they do is this"  
(Twerk sumn, twerk sumn, twerk sumn, twerk sumn, twerk sumn)  
Said, "Girls don't dance no more, all they do is this"  
(Twerk sumn, twerk sumn, twerk sumn, twerk sumn, twerk sumn)  
No more slow jams, no more R&B  
No more makin' love in between the sheets  
See, "Girls don't dance no more, all they do is this" (Twerk sumn)  
(Key, donkey, donk, key, donkey, donk)

Donkey, donkey, donkey, donkey, donk'  
Donkey, donkey, donkey, donkey, donk'  
Donkey, donkey, donkey, donkey, donk'  
Donkey, donkey, donkey, donkey, donk'
