

# My Power

Beyoncé

They'll never take my power, my power, my power  
They'll never take my power, my power, my power  
They feel a way, oh wow (Boma, boma yé)  
They feel a way, oh wow (Boma, boma yé)  
They'll never take my power, my power, my power  
They'll never take my power, my power, my power  
They feel a way, oh wow (Boma, boma yé)  
They feel a way, oh wow (Boma, boma yé)

I was always in the lead  
Where you wanna be, I'm who they wanna be  
B-E-A-U-T-Y, he never seen so much rage from a queen  
Rage from a queen, queen so strong, thought she was a machine  
Girl of your dreams, Sinclair regime  
Turned to the max, can't forget Maxine  
Refer to me as a goddess, I'm tired of being modest  
A hundred degrees, the hottest, if we being honest  
Ebony and ebonics, black people win  
They say we bein' demonic, angel in disguise  
I hate I have to disguise it, why you gotta despise it?  
Rich in the mind, that's why I'm making deposits  
Can't we all empower? It's time to realize it  
They'll never, ever take my power

They'll never take my power, my power, my power  
They'll never take my power, my power, my power  
They feel a way, oh wow  
They feel a way, oh wow  
They'll never take my power, my power, my power  
They'll never take my power, my power, my power  
They feel a way (Hold up), oh wow (Wow, wow, wow)  
They feel a way (Woo), oh wow (Wow, wow, wow)

This that rhythm, this that lightning  
This that burn, this ain't no perm  
This that nappy, this that urb  
This that kinfolk, this that skinfolk  
This that war, this that bloodline  
On the front line, ready for war  
Where you gon' run?  
Get loose, get loose, get low, get low  
Why you get loose, get loose, get low, get low  
Oh, gotta protect my braids  
Keep it locked in a safe  
Don't make me get back to my ways  
My power, they'll never take

They'll never take my power, my power, my power  
They'll never take my power, my power, my power  
{They'll never take my power}  
They feel a way, oh wow (Wow, wow, wow, wow)  
They feel a way (Woo), oh wow (Wow, wow)  
They'll never take my power, my power, my power  
{They'll never take my power}  
They'll never take my power, my power, my power  
{They'll never take my power, power}  
They feel a way, oh wow

They feel a way, oh wow
