

# Rise Up

Beyoncé

I'm the matriarch of your land  
When you need to take my hand  
Come into my arms, I'll keep you safe from harm  
I'll keep your precious heart

Some people try to drag you down  
Take it from me, stand and be proud  
You're a warrior  
You're my warrior

Be who you are  
Be who you are  
Know that life holds more than what you see  
Rise up little man, rise up little man

Fight for you and me  
Look into my eyes and believe  
Little woman we will fight, we will fight  
Little woman we will fight, we will rise  
I see you and me  
Take my hand and we  
We will stand, we will fight, we will fight  
We will stand and together we will rise

They'll burn you at the stake if you  
Don't act like they want you to  
But baby be yourself  
Do good and help the world

Be who you are  
Be who you are  
Know that life holds more than what you see  
Rise up little man, rise up little man

Fight for you and me  
Look into my eyes and believe  
Little woman we will fight, we will fight  
Little woman we will fight, we will rise  
I see you and me  
Take my hand and we  
We will stand, we will fight, we will fight  
We will stand and together we will rise

Rise up, rise up little man  
Don't be scared I'm holding your hand  
Know that life holds more than  
What we see and what we get

Rise up, rise up little woman  
Don't be afraid to risk it all  
Know that life holds more than  
What we see and what we get, I will

Fight for you and me  
Look into my eyes and believe  
Little woman we will fight, we will fight  
Little woman we will fight, we will rise

I see you and me  
Take my hand and we  
We will stand, we will fight, we will fight  
We will stand and together we will rise
