

VIRGO'S GROOVE

Beyoncé

Baby, come over (Ooh, yeah)
Baby, come over (Ooh)

Baby, come over (Baby, come over)
Come be alone with me tonight
All these emotions (All these emotions)
It's washin' over me tonight, ah

Right here, right now
Iced up, bite down
Baby, lock in right now
I want it right here, right now
Cuddled up on the couch
Motorboat, baby, spin around
Slow-mo comin' out my blouse
I want it right here, right now

There's nothin' that I want as much as I want you
A psychic hit me, told me we got shit to do
We ain't got time like we used to
But we still shine like we used to
And we still grind like we used to
And we cut ties when we need to
But I need more you on me and me on you, oh

I can be the one that takes you there
And I need more nudity and ecstasy, oh
On this magic ride, woo, yeah, yeah, yeah (Oh, oh)
Baby, you can hit this, don't be scared
Baby, you can hit this, don't be scared (Yeah, yeah)
It's only gonna get you high

Baby, come over
Come be alone with me tonight
All these emotions
It's washin' over me tonight, oh

Right here (Right here), right now (Right now)
Iced up (Iced up), bite down (Bite down)
Baby, lock in (Lock in) right now (Right now)
I want it right here (Right here), right now (Right now)
Cuddled up (Cuddled up) on the couch (On the couch)
Motorboat (Motorboat), baby, swerve around (Swerve around)
Slow-mo (Slow-mo) comin' out my blouse (Out my blouse)
I want it right here (Right here), right now (Right now)

Baby, come over
I can be the one that take you there
I can be the one that takes you there (Ooh-oh)
On this magic ride, woo
Baby, come over (Yeah, yeah, yeah)
Baby, you can hit this, don't be scared
Baby, you can hit this, don't be scared (Ooh-oh)
It's only gonna get you high
Baby, come over
Come and move me through the night
Bring all those emotions (Ooh)

And show me how you feel inside
Baby, come over (Baby, come over)
Come be alone with me tonight
All these emotions (All these emotions)
It's washin' over me tonight, uh

Yeah, your hands
Your hands so strong when they grippin' on me
Yeah, so dance
All night long to the throb, baby, feel the beat
Yeah, don't you leave
Yeah, me
Don't you leave
So use me (Use me)
Pursue me (Pursue me)
Kiss me where you bruise me (Bruise me)
Ooh-wee, ooh-wee
Taste me (Taste me), that fleshy part
I scream so loud, I curse the stars

You don't need no excuse
To touch somebody (Touch me)
To love somebody (Love me)
To trust somebody (Will you trust me?)
Uh, go ahead and hug somebody
'Cause I can see the light in you
Everybody want somebody (I want you)
Everybody got somebody (I got you)
So come over and want my body 'cause (You are)

Uh, uh, you are (You are)
The love of my life (The love of my life)
Yeah, yeah, yeah, yeah (My life)
You're my life, baby, you're the love of my life (You are)
Oh, baby, keep me warm
Ooh, he bring me back to life (You are)
Ooh, you make me lose my pride
Ooh, that lovin' keep me high (The love of my life)
That's why I love you, baby (Uh, woo, woo)
