

What's The Matter?

Beyond Possession

You look at me with your nose in the air
You're always trying to pretend you care
You laugh at me when my back is turned

So what's the matter with the people I see?
What's the matter with the things I do?
What's the matter with the clothes I wear?
What the f**k makes you stare?

You stay at home never pay to get in
The things I do you think are sin
At a gig you think you're f**kin' it
Well make way for others
'Cause I think you're shit

So what's the matter with the people I see?
What's the matter with the things I do?
What's the matter with the clothes I wear?
What the f**k makes you stare?

So tell me what's the matter
So tell me what's the matter

So what's the matter with the people I see?
What's the matter with the things I do?
What's the matter with the clothes I wear?
What the f**k makes you stare?

So what's the matter with the people I see?
What's the matter with the things I do?
What's the matter with the clothes I wear?
What the f**k makes you stare?
