

Dies Irae

Beyond The Black

Heavenly choirs, the sinners in fear
Harvest the souls for salvation is near
Grant me a place and I'll hallow thy name
The earth it will perish in thunder and rain
The earth it will perish in ashes and flame

Dies irae, iudex, salva me
Dies illa, pie domine
Dies irae, iudex, salva me
Dies illa, pie domine

Days of damnation, the end has begun
Worthless the prayers as judgement goes on
Open the book, whom to bless
Whom to blame
The earth it will perish in ashes and flame

Dies irae, iudex, salva me
Dies illa, pie domine
Dies irae, iudex, salva me
Dies illa, pie domine

We will prevail on the fields of paradise
Burn out the past, from the ashes we will rise
Wipe out the dark
And the children of the dawn
Live on, live on, live on

Heavenly choirs, a new day begins one is the nightmare, forgive
n the sins
Grant me a place and I'll hallow thy name
Remember forever the days of the flame
Dies irae, iudex, salva me
Dies illa, pie domine
Dies irae, iudex, salva me
Dies illa, pie domine
