

Some Kind Of Monster

Beyond The Black

Have you felt, when your heartbeat begins to rise?
When a spark reaches out and you close your eyes?
Have you felt, when the fire begins to grow?

I am strong, I don't feel any of the pain
I don't know, any allies, it's all the same
Nothing there, that could hold me back as I go

Like some kind of monster, some kind of freak
I feel there's an evil no longer asleep
Like some kind of monster, breaking the chains
I feel there's a darkness, that poisons my veins
What I do, what I say, to the ones in my way
I can't help it, I'm losing it all
Like some kind of monster, some kind of freak
I feel it inside me, it's buried in deep

I don't know, what is driving me off the edge
It's a blaze, it just takes me and I detach
I don't know, who I am, but I'm feeling strong

Have you felt, how much power lies deep in you?
Do you know, what a body like this can do?
Do you scream, when you turn all this madness on?

Like some kind of monster, some kind of freak
I feel there's an evil no longer asleep
Like some kind of monster, breaking the chains
I feel there's a darkness, that poisons my veins
What I do, what I say, to the ones in my way
I can't help it, I'm losing it all
Like some kind of monster, some kind of freak
I feel it inside me, it's buried in deep

Have you felt, when your heartbeat begins to rise?
When a spark reaches out and you close your eyes?
Have you felt, when the fire begins to grow?

Like some kind of monster, some kind of freak
I feel there's an evil no longer asleep
Like some kind of monster, breaking the chains
I feel there's a darkness, that poisons my veins
What I do, what I say, to the ones in my way
I can't help it, I'm losing it all
Like some kind of monster, some kind of freak
I feel it inside me, it's buried in deep
