

Destruction

Beyond Unbroken

I look inside
I've fallen deeper than I've ever been
I run and hide
I run and hide from who I am (Who I am)

Wanted to take me
Wanted to break me
I can't give in
Ready to face me
Ready to change me
No, don't give in

I feel the pain beneath my skin
It's leaving scars inside of me
I break away and I give in
Hollow and wait for this

(Destruction)
(Destruction)

I need the code
To repair the damaged side of me
'Cause without hope
We are nothing but machines

Wanted to take me
Wanted to break me
I can't give in
Ready to face me
Ready to change me
No, don't give in

I feel the pain beneath my skin
It's leaving scars inside of me
I break away and I give in
Hollow and wait for this

Pain to let me go
(Don't let me go)
Pain to let me go
(Don't let me go)

Destruction

Destruct-
Destruct-
I am the face of destruction

(Destruction)

Exhalation
(Exhalation)
There's no
There's no failsafe
The destruction of all creation
A god of annihilation

I feel the pain beneath my skin
It's leaving scars inside of me
I break away and I give in
Hollow and wait for this

Pain to let me go
(Don't let me go)
Pain to let me go
(Don't let me go)

Exhalation
(Exhalation)
There's no
There's no failsafe
The destruction of all creation
A god of annihilation

Destruction

(She's losing it)
(The end of all humanity)
(She's everything)
(Exhalation)
