

# Don't Wake The Dead

Beyond Unbroken

Oh!

Every goddamn last second I wasted  
Still fighting bearing what you put me through  
And I just won't take it anymore

DON'T WAKE THE DEAD!

They're calling

DON'T WAKE THE DEAD!

Oh God

Killing's just a game

Leaving all the scars behind us

I'm killing to let it go

FUCK YOUR FATE!

Seven deadly sins killing you slowly

So brutal, ruthless no one will forget

So just stop deceiving do or die

DON'T WAKE THE DEAD!

They're calling

DON'T WAKE THE DEAD!

Oh God

Killing's just a game

Leaving all the scars behind us

I'm killing to let it go

FUCK YOUR FATE!

You will burn at the stake

Down under

Don't wake the dead

We're coming, you're finished

Don't wake the dead

You'll tremble as you meet your doom

(solo)

Killing's just a game

Leaving all the scars behind us

I'm killing to let this go

Killing's just a game

Leaving all the scars behind us

I'm killing to let it go

(To let it go)
