

# Enemy

Beyond Unbroken

Looking into my eyes  
Don't really know what I see  
Lifeless, I feel so cold  
What the hell happened to me?  
See everything I love  
Empty as I close the door  
Angry, I'm on my own  
This is not me anymore  
(Anymore...)

Make me feel alive  
Make me alive again  
Open up my eyes  
I've been to blind to see  
Take away the pain  
Make me alive again  
Open up my eyes  
I'm not the enemy

Dark clouds, they do surround  
Everybody's chasing me  
Caught in this masquerade  
I've lost a part of me  
Lights out, they call my name  
I drown, I suffocate  
Reaching can't pull me out  
I'm not me anymore

Make me feel alive  
Make me alive again  
Open up my eyes  
I've been to blind to see  
Take away the pain  
Make me alive again  
Open up my eyes  
I'm not the enemy

(Make me feel alive  
Make me feel...)

Make me feel alive  
Make me alive again  
Open up my eyes  
I've been to blind to see  
Take away the pain  
Make me alive again  
Open up my eyes  
I'm not the enemy...
