

Lost And Broken

Beyond Unbroken

Tell me I'm wrong
Feels like I've fallen
Don't leave me 'cause I'm
Lost and broken

I'm not afraid of you
No matter what you do
Inside my mind
You won't leave me alone
I've waited patiently
For you to set me free
I've lost control
I'm trapped now
Let me go

I'm done with everyone
I'm break, breaking down
I'm like a loaded gun
What have I become

Tell me I'm wrong
Feels like I've fallen
Don't leave me 'cause I'm
Lost and broken
I feel like I'm gone
Living in sorrow
Don't leave me
'Cause I'm crawling closer

It tears a part of me
Pretend that I don't see
No place to hide
The violence killing me

I'm done with everyone
I'm break, breaking down
I'm like a loaded gun
What have I become

Hate me
Break me
I can't, I can't escape
As I see the fall
Shattered and broken

Tell me I'm wrong
Feels like I've fallen
Don't leave me 'cause I'm
Lost and broken
I feel like I'm gone
Living in sorrow
Don't leave me
'Cause I'm crawling closer

Don't leave me
'Cause I'm lost and broken

What have I
What have I
Now become
I have become

Tell me I'm wrong
Feels like I've fallen
Don't leave me 'cause I'm
Lost and broken
I feel like I'm gone
Living in sorrow
Don't leave me
'Cause I'm crawling closer

I'm done with everyone
I'm break, breaking down
I'm like a loaded gun
(Loaded gun, loaded gun)

I'm done with everyone
I'm break, breaking down
I'm like a loaded gun
What have I become

(Tell me I'm wrong)
